

What if a student satisfactorily completes their Core Req's + one of the four Pathway Req's + the set of electives that follow in their pathway choice ..

Can they then elect to start another pathway > elective set ?

- Student must select a path, once they select it they can't change without starting ALL over even the Core activities.
- During the My Could Be unit 2 they can pick and choose Unit from all three paths BUT once they have chosen and completed Unit two it is etched in stone, so to speak.
- Go to Course Room
- View Activities
- Click on Unit 2, Understanding the curriculum
- Scroll down to the box that says "This is the icouldbe curriculum
- Hover over each box to get an explanation
 - All Student must do the two green boxes
 - Each student must choose a path and complete the blue boxes for each path
 - Students can choose to complete the yellow boxes from any path.
